

Welcome to our November 2020 Newsletter

Dear Parents and Carers, another month has passed, and we all have been super busy.

Our toddlers had lots of fun creating beautiful artwork for Diwali and 'Children in need day', while exploring colours. They enjoyed making and baking their own bread, which they had as a snack with jam; they also made some yummy s'mores and pretend to cook them on a fire. They continue their forest school adventure and they started to create their own Christmas decorations.

Our babies enjoyed going for walks and get fresh air, they helped to decorate the room for Christmas and create lovely Diwali lamp using clay and paint. They made some delicious chocolate rice crispies cakes and enjoyed having their circle time and reading plenty of stories.

Our preschool children had plenty of fun learning phonics, rhyming word and continuing to improve their mathematical skills. They used their imagination to create beautiful artwork and building while working together as a team and plenty more.

We are very please to inform you that Leila and Chantelle have joint our team in the baby room.

We would like also to remind that for every time you refer a new family that registers with us, you will receive a £100 gift voucher. Also, when you write a review on these media platform (Facebook, google, yell and day nursery) you will receive a £10 amazon voucher.

We are extremely excited and proud to announce that we have received our accreditation award from 'Just quality, Adding Impact'. Well done to our amazing team that have worked so hard, especially in these unprecedented times.
